VITA NET

Acid-based cleaner for floors and coverings

CHARACTERISTICS

VITA NET is a colorless, acid-based detergent suitable for removing traces of cement and lime after laying ceramic, terracotta, marble, etc. floors and coverings, both indoors and outdoors.

FIELDS OF USE

VITA NET is suitable for post-installation cleaning of ceramic, terracotta, marble, etc. floor and wall coverings, both indoors and outdoors, to remove traces of cement or lime from the surfaces.

PREPARATION OF THE SUPPORT

Before applying the product, remove all flaking particles and any remaining adhesive residue, etc., using a wire brush. Then clean the surface and allow to dry.

HOW TO USE

Dilute VITA NET with clean water depending on the substrate and apply with a brush or sponge. Leave to act for at least 30 minutes and then proceed with cleaning the surfaces until completely remove any stains or encrustations. Finish the treatment with abundant rinses of clean water.

WARNINGS

- Apply the product without adding any foreign materials. Dilute the product according to the substrate only with clean water by 20 to 50%.
- Do not apply if there is a threat of rain or rain.
- Do not apply in strong sunlight or strong winds.
- Vita Net should be applied at temperatures between 5°C and 30°C.
- On absorbent surfaces, pay particular attention to this.
- It is recommended to start cleaning the surfaces starting from the perimeter areas.

REV. 030014

SPECIFICATION ITEM

Acid-based, colorless detergent, suitable for post-installation cleaning of floors and coverings made of ceramic, terracotta, marble, etc., both indoors and outdoors, to remove traces of cement or lime from surfaces. Apply with a brush or sponge, dilute with clean water 20 to 50% depending on the substrate, with consumption depending on use, such as VITA NET BUFFA.

TECHNICAL DATA

DILUTION	With clean water, 20 to 50%, depending on the substrate.
COMPOSITION	Inorganic acids
SPECIFIC	1003 ± 0.010 g/l
WEIGHT	20 caps at 20°C
VISCOSITY	Colorless
COLOR	Depending on use
YIELD	1 x 12 liter or 5 x 4 liter cans, 25 liter cans
PACKAGING	Shelf life: 12 months, in unopened containers, away
STORAGE	from sources of frost, heat, and humidity.
TOXICITY	Since this is an acidic product, avoid contact with metal and marble surfaces that are not resistant to acids. Wear gloves, rubber boots, and protective glasses. If the product comes into contact with skin, wash with soap and water and rinse thoroughly.

ATTENTION

The information, specifications, and guidelines above are based on our best technical and application knowledge; however, they are intended to be purely indicative. Therefore, it is the user's responsibility to verify, at his or her sole discretion, the compatibility of the products with the intended use, as we cannot directly influence site conditions or the methods of execution. Therefore, a preliminary test is recommended to verify the product's suitability for the intended use.
